NO. 7

State Board of Equalization.

The State Board of Equalization is at work at Frankfort, and the railroads, anticipating a raise, have filed a protest that they should not be assessed at their fair cash value unless all other kinds of property in Kentucky likewise are assessed. To substantiate its contention the Illinois Central filed with the board officials, bankers and prominent citizens of sixteen counties along its line in Western Kentucky, alleging that property generally in those counties is assessed from 27 to 70 per cent, of its fair cash value, and the L. & N. produced affidavits, similar in their import, from all the counties it traverses. These facts also are alleged by these railroads in their suits in the Federal Court, resisting franchise assessments.

Bill Day in Trouble.

One Bill Day, colored, was arrested one day last week when seen to alight from the train carrying a basket. The basket proved to have in it 4 full quarts and one half quart of liquor. The owner or owners of the liquor were somewhat disappointed at receiving the goods but failed to claim them. Day and other witnesses were recognized to appear before the Powell county grand jury in March.

McCreary Commutes Sentence.

When it comes to a good pardon record McCreary wins the cake. He has commuted the first death sentence this week and did this upon petition of all the Judges of the court of Appeals who said the case had come before them twice and that they believed the death penalty should not be inflicted. He commuted the sentence to life imprisonment.

L. & N. Rates are Ordered Reduced.

The State Railroad Commission has handed down an opinion in the case of E. H. Taylor, Jr., & Sons Company against the L. & N. Railroad Company, in which it was held that the Kentucky Highlands Railroad Company is controlled by the L. & N., and the joint haul clause governing railroads can not be relied upon as a defense for existing rates. The rates fixed by the Commission follows:

On grain from Louisville to Taylorton, seven cents a hundred; barrels reduced from 16 to 13 cents a hundred; sand reduced from \$1.20 to \$1.00 a ton; brick from Maysville reduced from \$7.50 to \$5.50 a ton; from Louisville reduced from \$6.50 to \$5.00 a ton; from Louisville, lumber reduced from \$8.00 to \$6.00 a ton; cement reduced from 12 cents to 9 cents per hundred; bottles 17 cents a hundred; coal from Jellico reduced from \$1.65 to \$1.20.

Lincoln's Birthday.

Yesterday was Lincoln's birthday and Saturday week will be Washington's birthday. Lincoln's birthday is not a holiday while that of Washington's is. Nevertheless the Times believes Lincoln was a better man than Washington, and had a better love for his country, and if he didn't do more for his country it was because he didn't have the opportunity. The editor has arrived at this conclusion too in the face of the fact that we were reared under strong Southern and Rebel leanings and are still that way.

Cold Weather.

Last night was the coldest of the winter so far when the thermometer dropped to a few degrees above zero.

Powell vs. Clark.

The valuation of taxable property as reported by the assessor of Clark county this year after being reviewed by the Board of Supervisors amounts to \$11,802,165. This is some less than reported last year. If we mistake not it was then something over \$12,000,000. The assessor's report also shows that the value of crops and farm products produced in that county last year was over \$750,000. Why has not some of this been added to the county's wealth to say nothing about its manufacturing products? If the Clark county farmers do raise two and three hundred dollars worth of tobacco per acre, they are not beating Powell. They are going back in wealth, living above their income while Powell is living within its means and adding a little to its wealth every year, besides being able to send several thousand dollars to the Bluegrass counties to be invested in their high priced land.

Against Money and Liquor.

While instructing the grand jury Monday morning, Judge J. M. Benton announced that he will instruct the grand jury to be empaneled in October, which will be the first time to be empaneled after the primary election in August, to thoroughly investigate the said election, to ascertain whether or not corruption was indulged in.

The Judge said he made the announcement at this time for the purpose of warning candidates and their friends that the use of money and whisky will not be tolerated, and if such practices are indulged in notwithstanding this warning, he will urge the grand jury to indict all offenders be they high or low, rich or poor.

Judge Benton is to be commended for the fearless stand he has taken in this important matter, and right thinking people will applaud his action.

He also announced that he will instruct the other grand juries in his district, in the same way. He added that there is no good reason why a fair and honest election should not be held here and it is to be hoped that the good citizenship will assist Judge Benton in his determination to rid this, and other counties of the district of all questionable practices in future elections.—Richmond Pantagraph.

Farm to be Sold.

W. J. Christopher and heirs will sell their old home place at Spout Spring February 25 at public sale and if not sold will be rented on that date for 12 months. This is a good farm of 200 acres and should sell for a good price.

"Wise men change their minds but fools never do," is probably a correct version of facts, but sometimes people change their mind to get office and are fooled. They get beat by some one who hasn't changed his mind and didn't get fooled.

Old newspapers for sale at this office.

Stubborn Corporations.

In Lexington a few weeks ago the Home Phone bought out the Bell Phone. Citizens were pleased, but it leaked out that it was a combination of the two. The rates were last week raised 25 per cent. The citizens of the city have enjoined the companies from the merger and will try to annul the sale.

At Winchester about the same time the Cumberland bought out the home Phone but to continue to gouge the people kept both phones agoing to collect double charges. The city council there has taken up the matter and advises patrons of the telephone to pay for but one phone. The company says they were only holding the two phones to make ready for a forty thousand dollar improvement. The people of Winchester, however, are beginning to take the promises of the big corporations with salt now that they have been stung so much and doubtless will pay for but one phone.

Pollard for Circuit Judge.

Owing to the continued illness of Judge D. B. Redwine, there is some talk of his resigning as Circuit Judge in the 21st district. In anticipation of his resignation, O. H. Pollard, of Lexington, an erstwhile citizen of Jackson, is being boosted by his Lexington friends for the place in case Judge Redwine does resign. Why not Judge J. B. White and Hugh Riddell, of Irvine, or some other good lawyer, permanent residents of the district be first considered. They most assuredly are qualified and deserving.

For Assessor.

In this issue of the Times appears the announcement of S. A. Easter for Assessor of Powell county. Mr. Easter is a worthy young man and fully competent to fulfill the duties of the office to which he aspires. He is true blue Democrat and comes of that stock who have never been known to falter. Democrats all over the county will do well to fully consider his claims before casting their vote in the August primary.

Celebrates 86 Anniversary.

Mrs. E. J. Wallace celebrated her 86th anniversary at her home in Irvine February 6th. She received a Post card shower on this occasion of nearly 100 post cards all expressing nothing but the very best wishes for this beloved old lady. Mr. and Mrs. Wm. Mountz, Sr., the latter a sister of Mrs. Wallace were present on this occasion as were also her other two sisters, Mrs. John Hisle and Mrs. Wilson, of Madison county. Many other relatives were present and all joined in wishing her to round out the century mark and enjoy the blessing of health to the end.

ANNOUNCEMENT.

For Assessor.

We are authorized to announce S. A. Easter as candidate for Assessor of Powell county, subject to the action of the Democratic primary election in August.

Few persons realize the far-reaching importance of the fact that the United States will soon have an income tax on its statutes.

First of all it means that millions will, for the first time since this nation has stood, bear a fair proportion of the burden of taxation.

It is estimated that one hundred million dollars will be raised annually by taxing incomes. This will mean that that amount of taxation is to be taken off of the things that the people must have in order to live, and placed on wealth.

Under the system of protection as played in this country, nearly every penny of the money necessary to run the government, maintain the army and navy, construct public buildings, etc., is raised by taxing the things the people eat, wear and use. The only thing that protection does not tax is wealth. A man with a fortune of ten million dollars has not been required to pay a single penny of tax to the national government. This seems almost unbelievable, but it is true. The man working on the section for one dollar and fifty cents per day, with a family of five children is at the present time actually contributing more to run the national government than the millionaire bachelor who is too proud to marry and raise a family.

The United States of America is practically the only one of the great nations where such a condition exists. Nearly every first class nation on earth levies either an income tax or an inheritance tax. We have neither.

Why have we never been able to place an income tax on the statute books, is the question that naturally arises. Here is the answer: High protectionists have prevented the passage of an income tax law, because they knew that the more money the government collected from taxing incomes, the less excuse there would be for a tariff tax. To take protection away from the tariff trusts is to interfere with their monopolies. And how could the tariff trusts gouge consumers without having monopolies of American markets?

It was 20 years ago under the leadership of William Jennings Bryan and William L. Wilson of West Virginia that the Democrats placed an income tax pro-

vision in their tariff bill, taxing all incomes exceeding \$4,000 at 2%. The Supreme Court of the United States, however, in obedience to the wishes of the bloated bond holders, wealthy male-factors of the country, kindly declared that law unconstitutional, and so, the Constitution having been amended, the Supreme Court can no longer interfere. It is quite certain that an income tax will be passed in the extra session, which will be called either in March or early in April. It is the belief that not only will all incomes exceeding \$5,000 per year be taxed 2%, but that the rate will increase on those having excessively large incomes. For instance, the tax will probably be 3% on incomes over \$10,000 per annum, 4% on incomes of \$50,000 per annum, and 5% on all incomes of over \$100,000 per annum.

The Standard Oil Company has just declared a dividend of \$40,000,000, of which Mr. Rockefeller receives \$10,000,000. This, however, is only a small part of his entire income, and there is no reason why Mr. Rockefeller should not contribute 5% of his money for running the Government.

Ollie James a few years ago introduced a bill in Congress to prevent the shipping of whiskey from one state into local option territory of another State. That was when such a bill had no showing of passing. Saturday when such a bill did have a showing and was passed, Senator-elect James lined up with the whiskey men. This shows how much of a temperance man James is. Our Congressman Cantrill also voted with the whiskey men. Such men are undeserving of support. They would annul all of our local option laws if they could.

Had Beckham have been in the Senate as he should have been, and as he will be two years from now, if he lives, Kentucky would not have been so disgraced. That is why the whiskey men worked so

hard against Beckham three years ago. They knew that Bradley would do their bidding, and that Beckham could not, under any circumstances, be induced to do so.

Merchants at Kimbrell and Sams, Estill county, who receive their freight at this place are now paying twenty-five cents per hundred for hauling. Another conclusive instance in which bid roads come high. With a turnpike from Clay City to Irvine the same hauling could be done for one-third the money and the ones that do the hauling make double the money. But then if we had a good pike between the two towns there would be no stores on the road, because then the coun-

LOCAL BREVITIES.

Well, the ground hog is holding us winter bound.

Miss Nora Rich, of Harriman, Tenn., is visiting friends in the city.

Mrs. W. C. Belle and daughter, of Lexington, are visiting Mrs. Luther Loving.

D. R. Daniel bought a car of logs last week at seven cents and shipped them Monday.

Dr. Martin reports the birth of a son to Mr. and Mrs. Claude McIntosh of this city February 11th.

Mrs. E. N. Wilson spent several days last week with her daughter, Mrs. G. W. Anderson, Jr., at Mt. Sterling.

According to official reports just submitted Hardin county built thirty three miles of macadam road in 1912.

The fine winter weather of last week came to a close Tuesday by a rain which was followed by a drop in temperature that night, and the winter weather resumed.

Ollie Moore, of Sardis, Miss, is here on a visit to relatives. He will return together with Mrs. Moore, who has been here for several days.

Success is promised for efforts to have included in the Sanitary Civil Bill provision for a Government field hospital for the treatment of trachoma in the mountains of Kentucky.

The Rev. Judge L. F. Mann will preach at the Methodist church Sunday morning and at night. He has announced his subject for the night service and will be "The Millennial Reign of Christ."

Notice the advertisement of Sheriff's sale of land for tax in this issue of the Times. We hate to see the boys sold out but then they should make a more determined effort to square up this account earlier in the season.

The viewers of a new road from this city to Stanton went over the proposed routes Tuesday. They will survey the route as appeared to them the most feasible Friday and have their report in by the March term of court at which time some action will be taken.

Dr. King's New Discovery
Soothes irritated throat and lungs, stops chronic and hacking cough, relieves tickling throat, tastes nice. Take no other, once used, always used. Buy it at all dealers.—Adv.

Off For Illinois.
Mr. and Mrs. R. A. Kerby and family, of Spout Spring, spent Sunday night with friends in this city and took the early morning train Monday for Geneseo, Ill., where they go to make their future residence. The best wishes of their many friends go with them.

Surprise Your Friends.
For four weeks regularly use Dr. King's New Life Pills. They stimulate the liver, improve digestion, remove blood impurities, pimples and eruptions disappear from your body and you feel better. Begin at once. Buy at all dealers.—Adv.

We are a day late this week and it is not our fault either. We had ordered our stock of paper in ample time to have arrived here for the current issue, but for some reason, by mistake, of course, it was carried by here and taken up the road, and didn't arrive until this, Thursday afternoon.

The senate Monday passed the Webb bill which respects State laws in regard to shipping liquor from one state into local option territory of another by an overwhelming majority. A similar bill passed the House of Representatives Saturday. It will become a law unless vetoed by President Taft and it is expected it will do so. Both Senators Bradley and Paynter from Kentucky voted with the whiskey wing as did Congressmen Cantrell and James.

Mothers Can Safely Buy
Dr. King's New Discovery and give it to the little ones when ailing and suffering with colds, coughs, throat or lung troubles, tastes nice, harmless, once used, always used. Mrs. Bruce Crawford, Niagara, Mo., writes: Dr. King's New Discovery changed our boy from a pale weak sick boy to the picture of health. Always helps. Buy it at all dealers.—Adv.

The Louisville Board of Trade has made complaint to the Interstate Commerce Commission charging the L. & N. Railroad with retarding the growth and industrial property of the city, and thereby stands amenable to law for its arbitrary practices. This action is the outcome of the L. & N. in exercising its advantages over the other roads entering the city and refusing to switch for them.

Are You a Cold Sufferer?
Take Dr. King's New Discovery. The best Cough, Cold, Throat and Lung medicine made. Money refunded if it fails to cure you. Do not hesitate—take it at our risk. First dose helps. J. R. Wells, Floydada, Texas, writes: "Dr. King's New Discovery cured my terrible cough and cold. I gained 15 pounds." Buy it at all dealers.—Adv.

I am engaged in a work from which good results may come. At least I feel that it is worth a trial. It is that of sending missionaries from the mountain churches to speak and work in the churches of the Blue Grass to the end that the "old time religion" may be restored.—Perrygraph in the Winchester Sun.

Deafness Cannot be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out, and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. Cheney & Co., Toledo, O.
Sold by Druggists, 75c.
Take Hall's Family Pills for constipation.—Adv.

That the highway bridge at the old Forge crossing now seems out of sight in the future a foot bridge is being agitated at that point.

The Commerce Commission declared that the rates of the Louisville & Nashville Railroad Company were unreasonable. This as to the proposed rates affecting Southwestern Virginia and Southeastern Kentucky. The opinion was written by Commissioner McChord. What about 18-cent coal in Richmond? Oh for a McChord here!—Richmond Madisonian.

No Need to Stop Work.
When the doctor orders you to stop work it staggers you. I can't, you say. You know you are weak, run down and failing in health day by day, but you must work as long as you can stand. What you need is Electric Bitters to give tone, strength and vigor to your system, to prevent break down and build you up. Don't be weak, sickly and ailing when Electric Bitters will benefit you from the first dose. Thousands bless them for their glorious health and strength. Try them. Every bottle is guaranteed to satisfy. Only 50c at all dealers.—Adv.

AGRICULTURAL EXTENSION. Soil Fertility and Farm Management Problems.

Two things which probably hinder the success of farmers more than any others are the economical maintenance of soil fertility, and right farm management. Only by building up and by keeping up the fertility of the soil can large yields be continuously produced, but after this has been accomplished good farm management must be practiced in order to realize a good net profit upon one's investment

Every farmer should know, to begin with, what amounts of the plant food elements nitrogen, phosphorus and potassium are in his soil. All the other essential plant food elements are present in Kentucky soils in sufficient quantities for maximum yields of crops. These data can be furnished by the Kentucky Agricultural Experiment Station. The analysis of the typical soil areas of Kentucky are now on file at the Experiment Station, and if relatively accurate data cannot be furnished for any particular farm of this State, instructions for the collection of soil for analysis will be furnished upon application to Dr. A. M. Peter, Head of the Division of Soil Chemistry of the Experiment Station, and free report will follow. Samples of soil to be analyzed should always be taken according to instructions. Whether or not lime is needed to correct soil acidity can be very readily determined by experiment upon a small plot in connection with the sowing of red clover. The plowed surface of a soil should contain not less than 8,000 pounds of nitrogen, 2,500 pounds of phosphorus, and 16,000 pounds of potassium in order that, in a favorable season and under good tillage, it may be made to produce a maximum crop of corn, wheat or oats. The soils of Kentucky, except in river bottoms and peat swamps, contain an abundance of potassium. If soil does not show an analysis at least up to the above in nitrogen, phosphorus and potassium, steps should be taken to add, economically, these elements to a content necessary for large production, and raw ground limestone should be applied if experiment with red clover shows that the soil needs limestone.

After normal fertility has been secured, it should be maintained, and one great factor in this maintenance is good crop rotation. Crop rotations may vary in grain farming from those used in live stock farming, but in either case legume crops such as clover, alfalfa, cow peas, soy beans, and sweet clover must be used to maintain the supply of nitrogen. In stock farming about every third crop should be a legume crop, and in grain farming about every second crop. By establishing crop rotations as above indicated and by turning under sufficient manure and green crops to keep up the nitrogen content, the fertility of the soil can be kept up, if in addition phosphorus in some form to be added from time to time in quantities corresponding to those removed from the soil in cereal and forage

crops and live stock. The basis for such computation will be furnished upon application to the Experiment Station.

The location of farm buildings with reference to various parts of the farm and to each other, the laying out of fields and fences, the establishing of drainage systems, the working out of crop rotations, forms for farm accounting, etc., are among the problems of farm management which bear a strong relation to the success or the failure of the owner of a farm.

The Division of Extension of the Kentucky Agricultural Experiment Station has decided to offer assistance, as far as may be possible, to farmers of the State in solving problems of soil fertility, in establishing cropping systems upon the whole or a part of farms, in the production of legume crops, and in working out farm management problems. This assistance will be offered through correspondence, or when possible by visitation, without expense to owners. Applications for such assistance may be made to T. R. Bryant, Supt. of the Division of Extension.

Bad Spells

"I suffered, during girlhood, from womanly weakness," writes Mrs. Mollie Navy, of Walnut, N. C. "At last, I was almost bed-ridden, and had to give up. We had three doctors. All the time, I was getting worse. I had bad spells, that lasted from 7 to 28 days. In one week, after I gave Cardui a trial, I could eat, sleep, and joke, as well as anybody. In 8 weeks, I was well. I had been an invalid for 5 weary years! Cardui relieved me, when everything else failed."

TAKE CARDUI The Woman's Tonic

If you are weak and ailing, think what it would mean, to you, to recover as quickly as Mrs. Navy did. For more than 50 years, this purely vegetable, tonic remedy, for women, has been used by thousands of weak and ailing sufferers. They found it of real value in relieving their aches and pains. Why suffer longer? A remedy that has relieved and helped so many, is ready, at the nearest drug store, for use, at once, by you. Try it, today.

Farm Drain Tile

Make Your Wet Land Productive.

By the use of drain tile you can turn that low, wet, useless, swampy field into the most productive spot on your farm. Good tile, properly placed, not only carries off surplus water, it admits air to the soil and makes it easy to work. It improves any soil. The increase in the value of the land is many times the cost of the tile. The first year's crop from tiled land pays for it. Any body can do the work successfully.
